## THE OIL PEOPLE

### ENDURANCE RANGE OF ENGINE OILS 10w/40, 15w/40, 20w/50

**Part Code: MCLEND Can Colour: BLACK**

Specifications up to: API SH/CF4, CCMC D4/G2/PD1, MB 227.1, VW. 501.01/505.00 Mack E0-K/2, Caterpillar TO-2, MIL-L2104D/46152B

- ❖ For heavy duty turbocharged petrol or diesel engines
- ❖ For normally aspirated petrol and diesel engines
- ❖ Excellent for high temperatures
- ❖ Easy cold starting
- ❖ For use in plant, tractor and truck diesel engines

### STAMINA SHPD ENGINE OILS 15w/40

**Part Code: MCLSTAMINA Can Colour: BLACK**

Specification: API SF/CF4, CCMC D5/PD2, MB 228.3, Volvo VDS, Man QC 13-0177, VW 505.00, Rolls Royce preferred grade, Detroit Diesel Allison C-3

- ❖ Super high performance diesel engine oil (SHPD)
- ❖ Outstanding protection against bore polishing
- ❖ Extended drain oil (up to 45,000 Kilometres on long distance haulage)
- ❖ Designed for arduous conditions

### VIMAX SEMI-SYNTHETIC ENGINE OILS

**Part Code: MCLVIMAX Can Colour: SILVER**

Specification: SJ/CF/EC - 1, ACEA A3 - 96 B3 - 96, MB 229.1, VW 501.00, 505.00

- ❖ Ultimate engine performance system
- ❖ For turbo charged petrol / diesel cars
- ❖ For normally aspirated petrol / diesel cars
- ❖ Reduces oil consumption
- ❖ Excellent protection against 'black sludge' formation
- ❖ Greatly improves cold starting
- ❖ For light duty petrol / diesel commercial vehicles
- ❖ Covers the latest, very stringent European and American lubricant specifications
- ❖ Superior catalytic converter protection, extending its life and maintaining emission controls

### HYDRA HYDRAULIC OIL

**Part Code: MCLHYDRA Can Colour: BLUE**

Specification: ISO 32, ISO 46, ISO 68

- ❖ Premium, high quality range of hydraulic and circulatory fluids
- ❖ High performance additive systems
- ❖ Meets and exceeds the very high performance specifications demanded by manufacturers

### AUTOGEAR OILS EP 80w/90, EP80, EP90

**Part Code: MCLAU Can Colour: BLACK**

Specification: GL4, MIL-L-2105, CRC I - 37

- ❖ A range of extreme pressure gear oils
- ❖ Multipurpose uses
- ❖ For vehicle mechanical transmissions
- ❖ For vehicle axles

**Available from your local Motor Factors**

# McLOUGHLINS

## THE OIL PEOPLE

### PROTEUS EP2 GREASES **Part Code: MCLPROT**

- ❖ Lithium based grease
- ❖ Incorporates an extreme pressure additive
- ❖ For high speed wheel bearings
- ❖ Has a good resistance to water
- ❖ Excellent load carrying capacity

### HARVEST UNIVERSAL FARM OIL (STOU)

**Part Code: MCLHARVEST Can Colour: GREEN**

Specification: API CD/CE, API GL4, MIL-L-2104C, CCMC PD2,  
Ford M2C-159 B2, MF 1139, Allison C3, TO-2

- ❖ Multipurpose super universal tractor oil
- ❖ Designed to meet the severe demands of the agricultural community
- ❖ For tractors, combines and other associated equipment
- ❖ For turbocharged and normally aspirated engines
- ❖ For transmission systems, including those with inboard wet brakes and oil immersed power take-off clutches, integral hydraulic systems and rear axles

### TRANSMASTER UTO TRANSMISSION FLUID

**Part Code: MCLTRANS Can Colour: BLUE**

Specification: Case IH MS 1207, MS 1206, Hy-Tran Plus, JD JDM J20C, Ford New Holland M2C 134D, M2c 134C, MF M1141, M1135, VME WB 101. Belarus, Fendt, Fiat, Kubota, Renault, Same, Zetor.

- ❖ Highly sophisticated multipurpose power train lubricant
- ❖ For modern heavy duty agricultural tractors transmissions
- ❖ For off-highway plant transmissions
- ❖ For hydraulic and integrated wet brake final drives

### PRECIMATIC ATF

**Part Code: MCLATFM Can Colour: RED**

Specification: Meets Dexron 11D

- ❖ Recommended for most passenger cars, commercial vehicles, cross country equipment and bus automatic transmissions. To function as a power transmission fluid in torque converters, fluid couplings and servo systems, including power steering systems and some manual systems where automotive transmission fluids to Dexron 11D are specified.

**All MCL Oils are blended from Virgin Base Oils to the very highest standards and specifications by a traditional and privately owned, fully BSI-9002 approved UK based oil-blending company. This very long established (Est. 1875) and respected company is a member of BLF (British Lubricants Federation).**
